Total max time per dual match = 55 minutes.

Teams may make substitutions within and between BOLTs.

SCORING

- Every point = 1 point
- Team scores are cumulative throughout the dual match
- No games
- No sets
- No ad scoring

At the end of all nine BOLTs, the team with the most cumulative points wins the dual match.

SERVING RULES

- ONE toss/serve only
- Missed serve = loss of point
- No-let serves (If a serve touches the net and lands in the proper service box: play continues)

If a serve touches the net and lands in the proper service box, play continues.

PACE OF PLAY

INTENNSE is designed to be fast-paced. We adopted the pace-of-play philosophy of INTENNSE but did not formally enforce the 14-second serve clock. Officials are instructed to encourage continuous play and intervene only when delays became excessive.

Players should serve promptly and keep play moving.

- Servers do not need to wait for returners to establish a traditional ready position.
- Returners should be prepared for play at all times.
- Excessive delays should be discouraged.
- Officials may remind players to keep play moving if necessary.

TIMEOUTS

- Each team receives one 60-second timeout per BOLT
- Coach or player may request a timeout
- Official starts and ends the timeout

COACHES

Each team is encouraged to bring 2–3 coaches or adult leaders.

Coaches may:

- Manage lineups
- Make substitutions
- Request timeouts
- Assist with strategy
- Encourage players throughout the event

LINE CALLS

- Players call their own lines.
- Officials do NOT overrule line calls unless:
 - There is a safety concern
 - There is an obvious misunderstanding of the rules
 - Players request clarification

WHAT TO BRING

- Tennis racquet
- Water bottle
- Appropriate tennis attire
- Positive attitude
- Team spirit
